

A Field Guide to Burying Your Parents

There are times when we all like to disown our family. But when the going got tough, Grace did it for real, leaving her family and even her lover behind. With a lovely house, a new boyfriend and her family safely tucked in the past, everything seems perfect. Until Grace discovers that her estranged father is dying. Now she must decide whether to stay in her cosy new world, or return to face the wrath of her abandoned siblings and the wiles of an evil stepmother . . . A Field Guide to Burying Your Parents is a heartbreakingly funny story about life, loss and what it really means to come home.
