

The Longbow Saga: That Kentucky Woman: Romance After Fifty

Romance doesn't stop after fifty. Follow three lonely Native American Vietnam Veterans and the women who change their lives. A stoic Montana rancher who has raised four sons but never known love; a wounded Vet suffering from PTSD whose only joy is the memories of his high school sweetheart; a witty, retired history teacher who lost his wife to breast cancer and has no idea how to survive without her. Although living in separate states and from different Nations, these men were bonded through the fires of war with the trust and respect as strong and their Catholic beliefs.
