

A Blended Bouquet: An Anthology by Writers Inc

A Blended Bouquet contains poetry and prose from thirteen of Scotland's most innovative writers. From the beat poetry of James Pettigrew to the Scots stylings of Robert Hume, it is clear that the spirit of Robert Burns is alive, well and infusing members of Writers Inc with inspiration. Originally published in paperback form in Homecoming year, a quarter-millennium after the birth of Burns, this anthology carries on the bard's legacy of writing from the heart. The diverse contents explore the whole spectrum of human experience: loss, love, longing, family, friendship, hope, prophecy, despair, dreams and much more. Some pieces are fierce and fearless, others poignant and profound. All the writing in A Blended Bouquet has one thing in common: it'd make the bard Burns smile, safe in the knowledge that his job is done.
