

Crimson Velvet - Erotic Stories from the Stately Homes of England

Two deliciously different erotic period novellas from master story-teller, Vanessa de Sade. The HushLeo travels to the stately home of Jack, his old school friend, in the blistering July of 1914, as the world stands hushed on the precipice of the Great War. But here, in the woodlands where the ravens cry, the two boys delight simply in each others sun-kissed bodies, blissfully unaware of what is to come, and the only fly in this otherwise idyllic ointment is Jack's sister, Constance, who Leo can't seem to get out of his mind. First Blood World War II England. A voluptuous girl is led from her towering iceberg-like mansion while the midnight sky is aflame with the sound of bombs and gunfire. Taken across a gleaming black lake she is left bound, naked, to a tombstone, waiting for whatever is roaming the derelict island cemetery to slake its lust. A darkly Gothic tale which skilfully combines the macabre with the erotic, resulting in a ghoulish exploration of taboo sexuality that will make even the coldest blood boil.
