

323 Kearny

323 Kearny is a San Francisco apartment rented, in 1959, by four married business men who happen also to love the touch of a man. The story revolves around several of those men, especially Tom, a new college graduate who is now taking courses in sex, both the playful, fun kind and the kind that binds men together. It is a love story, set against the beginnings of the gay sexual revolution in San Francisco.
