

Hemming the Water (Stahlecker Selections)

Channeling the collections muse, jazz composer and pianist Mary Lou Williams, Hemming the Water speaks to the futility of trying to mend or straighten a life that is constantly changing. Here the spiritual and the secular come together in a fierce fragmentation, lonely tune. Harvey inhabits, challenges, and explores the many facets of the female self as daughter, mother, sister, wife, and artist. Every page is rich with Harvey's rapturous music.
