

Verse Plays and Epic (Goethe: The Collected Works, Vol. 8)

This volume presents the four plays and the narrative poem that, along with *Faust*, established Goethe as one of the masters of European verse drama and epic. These works in particular display a balance between poetic form and ethical sensibility that characterizes much of Goethe's work during the era of Weimar Classicism. Here we are offered new translations of the dramas *Iphigenia in Tauris*, *Torquato Tasso*, *The Natural Daughter*, and *Pandora* and of the epic poem *Hermann and Dorothea*.
